

**Workshop Organized:** Two days national workshop on Electrochemistry (NVEC-2016) under the aegis of this UGC: INDO-US 21<sup>st</sup> Century Knowledge Initiative was organized by the Department of Chemistry, Panjab University (PU) in association with Sinsil International Pvt Ltd, Faridabad during October 24-25, 2017 at the Seminar Hall of Department of Chemistry, PU. The theme of this workshop was to impart sufficient knowledge on electrochemical processes to sensitize and stimulate the young minds of students, research scholars and faculties. In addition to expert talks hand on training were given on sweep potential electrochemistry, cyclic voltammetry, AC impedance, Correction, differential pulse voltammetry, Coulometry– Spectroelectrochemistry and Spectroelectrochemistry in Reflection and Transmission Mode. Many participants presented scientific posters of their research work in this workshop. and so on.
